U. S. ENGINEERS REPORTED TAKEN BY BOLSHEVIKI

Red Cross Workers Also
Said to Have Been
Captured

DISPATCH IS GARBLED

American Officer Mentioned in
Message Not Known by
War Department

(By The Associated Press.)

Chita, East Siberia, Monday, Jan. 19. — Colonel Blunt and seven other American engineers; Miss Ford, Captain Charette, and several other members of the American Red Cross, and an entire Polish army, composed of former prisoners, have been captured by the Bolsheviki at Klichinskaya, according to a garbled telegram received from Joseph H. Ray, former American consul at Irkutsk.

The dispatch from Mr. Ray was sent from somewhere beyond Nizhneudinsk, January 14. It was somewhat garbled in transmission. Klichinskaya is on the trans-Siberian railroad 100 miles west of the above-mentioned place.

The Czechs are fighting a rear guard action with the Reds near Krasnoyarsk. Bolsheviki is gaining in Chita. Ernest Harris, former American consul at Omsk, is still in Chita.

The British, Japanese and French missions and many members of the American Red Cross have arrived in Harbin.

Colonel Blunt Seemingly Unknown.

The only officer in the American army named Blunt is Major (captain of cavalry) Wilfrid M. Blunt, who, according to the latest available army directory, was stationed at Fort Oglethorpe, Ga.

A Bolsheviki wireless communication received in London on January 19 announced the capture by the Bolsheviki forces in the Krasnoyarsk region of 17 columns of Polish legionaries, together with 15 guns and 20,000 rifles.

A dispatch from the London Daily Mail's Harbin correspondent received in London January 20 said there were magnified reports in Harbin that the Bolsheviki had destroyed a Polish division near Krasnoyarsk.

The Poles captured undoubtedly are prisoners taken by the Russian army early in the war and sent to Siberia. There, after the revolution and when the Czechs gained the ascendancy, they were armed and impressed into the anti-Bolsheviki forces, as was done also with large numbers of Serbians. No had been prisoners of the Russians.

Unable to Identify "Blunt."

Washington, Jan. 25. — War department officials tonight were unable to identify the "Colonel Blunt" mentioned in a dispatch from Chita, East Siberia, as having been captured with other American engineers and Red Cross workers by the Bolsheviki. There is no Colonel Blunt on active duty at the present time, it was said, and the only other officer by that name, Major Wilfrid M. Blunt, is now in command of a battalion of the eleventh cavalry at Mexcala, California.

Army officials were of the opinion that inasmuch as the dispatch was received at Harbin in a garbled condition the names of all those captured might have been garbled.

PACKERS' PROFITS DECREASE

Return of Less Than One-Eighth of a Cent on Every Dollar of Sales, Morris & Company Report.

Chicago, Jan. 25. — The net earnings of Morris & Co., packers, for the year ending Nov. 1, 1919, were \$700,041.95, according to the company's financial report to stockholders, made public tonight. This represented a return of 12.5 per cent on a capital investment of \$5,600,000, or less than one-eighth of a cent on every dollar of sales, including by-products, the statement said.

The company's volume of sales showed an increase over the previous year. It was stated, but profits decreased \$3,500,000, due, it was asserted, to agitation against the packers, and to a decrease in the price of products.

Edward Morris, president of the company, in a statement accompanying the financial report, said:

"The poor showing that we have made in our business this year has been due to agitation against us, and the heavy decline in the price of our inventory products while under the process of manufacture. The low price of foreign exchange has had a bad effect on our export business."

GOVERNORS' RECEPTION 20TH.

Albany, Jan. 25. — The annual reception in members of the legislature will be held at the executive mansion next Thursday evening, January 29. In accordance with the plan instituted by Governor Smith last year, invitations will be sent to members of senate and assembly and to state officials.

Transport Powhatan Helpless in Gale; Crew May be Ordered Removed

Boston, Jan. 25.—A wireless message that was intercepted here late today from the army transport Powhatan, which has been disabled off the coast since last Sunday, said the water was gaining slowly and it might be necessary to take off all the crew except a few volunteers. Relief was requested as soon as possible.

The message, which was addressed to United States army officers at Halifax, N. S., and dispatched by one of the assisting steamers, said that the United States coast guard cutter Gresham and Acushnet and the Canadian government steamer Lady Laurier were standing by and that the United States coast guard cutter Ossipee was near but not in sight. In stating that he might remove the crew, Captain Randall said he would "take no chances."

An earlier message that was intercepted here from the Gresham reported the Powhatan as drifting helplessly before an east-northeast gale with the steamers that were standing by unable to put low lines aboard. The position at noon was given as latitude 42:31 north, longitude 62:12 west, or about 250 miles southeast of Halifax.

The Gresham said: "Lines to Powhatan parted and bad weather coming on; could not replace them. Thick snow last night and today, with east-northeast gale." The tug Relief also reported by wireless that it had put out to the assistance of the transport.

SCOTT WARNS LABOR IS MENACED BY RADICALS

Head of Typographical Union
Asserts Red Schemes Must
Not Be Tolerated

Hoboken, N. J., Jan. 25. — A warning that union labor is menaced by the activities of Bolshevists, L. W. W., and radical Socialists within its ranks and that their schemes must not be tolerated, was sounded today by Marsden G. Scott, president of the International Typographical union, in a letter read at the convention of the Union Printers' League of New Jersey. Delegates representing 21 unions were present, also visiting printers from Washington, D. C., and cities in New England and Pennsylvania.

"It is stupid to deny the fact," Scott wrote, "that vicious alien propaganda has obtained a foothold in American trade unionism. There is more than a coincidence in the disclosures that show the same traitorous influences which sought to handicap our government during the war are today co-operating to disrupt the American trades union movement."

He declared the "ultimate object of the 'one big union' question" of the I. W. W. and radicals, Socialists and Bolshevists, "is the destruction of unions like ours, the creation of a political trade union and the substitution of general strikes for the orderly procedure of conciliation and arbitration."

"The man or men who unnecessarily brings hunger and privation into the homes of the workmen is a criminal and a coward by every moral law, a social leper, and a menace to our country. It is unthinkable that American wage earners will now accept propaganda that includes the precepts of the radical leaders of foreign lands, where murder, assassination, and every unthinkable brutality is common to everyday existence."

CIVIL LIBERTIES UNION FORMED

Will "Champion in the Highest Courts the Civil Liberty Rights of Persons and Organizations."

New York, Jan. 25. — The formation of a new organization, to be known as the American Civil Liberties union, "to champion in the highest courts the civil liberty rights of persons and organizations," was announced here tonight by Prof. Henry F. Ward, of the Union Theological seminary, who will head the union. Others who will serve on the executive committee will be Helen Phelps Stokes, treasurer; Albert DeSilver and Roger N. Baldwin. Walter Nelles is to be chief counsel.

On the national committee of the new organization are James H. Maurer, president of the Pennsylvania State Federation of Labor; Duncan McDonald, president of the Illinois State Federation of Labor; Helen Keller, Morris Hillquit, Jane Addams, Prof. Robert Morse Lovett, and John Sayre.

The union, according to Prof. Ward, will fight in the courts all attempts to violate the right of free speech, free press, and peaceful assembly, adding that it was proposed to keep "industrial struggles in conformity with the constitution of the United States and of the several states of the union."

15 ARE REPORTED DEAD, MANY INJURED, IN REAR-END CRASH

North Bay, Ont., Jan. 25. — Fifteen persons are dead and a large number injured as the result of a collision today between the two sections of the Canadian Pacific express for Vancouver, which occurred about 11 miles east of here. The rear sleeper of the first section, which was stalled, was telescoped by the locomotive of the second section and eight persons were killed outright, seven dying later from their injuries.

An official statement issued by the Canadian Pacific railway after midnight tonight stated that seven persons had been killed in the collision and that there were a great many injured. It was stated that the rear section had been stalled for some time and that the locomotive of the second section had been stalled for some time.

WICKERSHAM OPPOSES LODGE RESERVATIONS

Their Adoption Would
Mean Resubmitting
Treaty, He Says

VITAL MEETING TODAY

Republicans Will Tell Democrats
How Far They Are Will-
ing to Compromise

New York, Jan. 25.—The adoption of the Lodge reservations by the senate would require the re-submission of the peace treaty to the Allied nations and Germany in order to make the treaty "a legal and binding instrument," George W. Wickersham, former attorney general of the United States, declared in a statement tonight which he had prepared for the League to Enforce Peace.

The fourth reservation, by which the United States "would reserve to itself exclusively the right to decide what questions are within its domestic jurisdiction," Mr. Wickersham declared, would remove from the jurisdiction of the league "a series of questions of the highest importance" and "peculiarly provocative of international difficulties."

The tenth reservation, which gives the United States the right to increase its armament whenever threatened with invasion and engaged in war, Mr. Wickersham maintained, is against the spirit of the covenant and amounts to an amendment of the treaty. He also objected to the eleventh reservation, which says the United States will use its own judgment about boycotting offending nations, stating that it modified Article 16 of the covenant.

"These examples appear to me to be sufficient," continued Mr. Wickersham, "to demonstrate that the reservations as proposed involve a modification in essential particulars of provisions of the treaty, and a ratification upon condition of their adoption, in my opinion, would be invalid unless accepted by the other powers to the peace treaty. My conclusion is that a ratification of the treaty including the Lodge reservations would require a re-submission of the whole treaty to those powers which shall have accepted it, including Germany."

Vital Committee Meeting Monday.

Washington, Jan. 25. — Limits to which Republican senate leaders are willing to go in modifying the Lodge reservations to the peace treaty will be transmitted to the Democratic members of the bi-partisan compromise committee tomorrow at a meeting upon which may hinge the success or failure of the present compromise negotiations.

Although there was no official definition available tonight of the limits set by Senator Lodge of Massachusetts and his associates, it was understood that the Democrats would be told that changes in the two main reservations, those relating to Article X and to voting power in the League of Nations, must be made only in language and not in principle. Such an answer to Democratic proposals for compromise was said by several Republican members of the committee to reflect the majority of sentiment on the Republican side of the senate and also to be agreeable for the most part to Senators Johnson of California, Borah of Idaho, and the others of that group who Friday called Senator Lodge and Senator New of Indiana into conference and demanded to know whether the negotiations for compromise were continuing and how far.

Neither Senator Lodge nor Senator Hitchcock would predict tonight the outcome of tomorrow's meeting, the former confining his comment to the statement that he was "a poor prophet in such matters," and the latter referring merely that he was "hopeful but not confident."

Important Legislation and Investigations This Week

Washington, Jan. 25. — Although developments in connection with the peace treaty are of transcendent interest, congress tomorrow starts another week of action on important legislation and investigation.

With a final vote on the Kenyon Americanization bill expected tomorrow, the senate will begin consideration of the bill to increase the pay of the army, navy and coast guard personnel. In the house, the regular appropriation bills will be pushed during the week, leaders being still firm in the hope of adjourning congress sine die about June 1.

Islands to Take Stand.

Of the many investigations in progress, the senate naval sub-committee inquiring into the Sims-Daniels controversy over award of navy war decorations plans to conclude its hearings and make a report to the full committee this week. Secretary Daniels is expected to testify Tuesday and may be on the stand two or three days after ending the decorations inquiry. The sub-committee plans to begin its investigation next week of the general activities of the navy.

WADSWORTH AGAIN CANDIDATE.

New York, Jan. 25.—United States Senator James W. Wadsworth will be a candidate in the Republican primary this year to succeed himself. This was learned tonight when the National American Woman's Suffrage association made public a letter which the senator had written asking the support of his candidacy.

2,855 New Cases of Influenza Reported in New York Yesterday

New York, Jan. 25. — Despite the strenuous efforts being made by the health authorities to check the spread of influenza, there were 2,855 new cases of the mildly reported during the past 24 hours. Health Commissioner Copeland announced tonight. This was an increase of 494 over the number of cases reported during the previous day. Deaths from the disease numbered 59, a decrease of three from yesterday, while 75 persons succumbed to pneumonia.

Since Jan. 1, there have been a total of 8,799 influenza and 3,187 pneumonia cases reported. In the same period, there have been 159 influenza and 1,099 pneumonia deaths. The health commissioner has called a conference for tomorrow afternoon of the Nursing Emergency council and all other organizations having any facilities that may be useful in controlling the influenza epidemic. It is planned at this time to co-ordinate all of the efforts of the various organizations with the health department.

MINE OPERATORS TO MAKE RECORDS PUBLIC

Will Produce Figures to Show
Their Profits Have Not
Been Exorbitant

Washington, Jan. 25. — Mine operators of the central competitive field announced today that in presenting data this week to the coal strike settlement commission their records will be laid "before the public view for the first time."

"Before the commission finishes hearing the side of the operators," said a statement by the central competitive field operators, "intimate records and data never before revealed, touching upon the wage issue and dealing with various features of work in the mines will be laid before it."

"The operators will produce figures to support their insistence that their profits have not been exorbitant, as the miners have maintained. In some fields the operators will show their profits have not resulted in even a reasonable return on the capital invested. The figures will show that, because of the 14 per cent. increase recently granted, many mines have been threatened with bankruptcy."

"Payroll evidence will be offered to show that the miners, in most fields, can make from \$10 to \$12 a day, and that \$15 a day can be earned readily in the richer mining districts which operate from 250 to 275 days a year."

"ROOSEVELT CHURCH" TO COMMEMORATE WAR

Interdenominational Edifice To
Be Erected on Long Island
—Inaugural Meeting Held

New York, Jan. 25.—The inaugural meeting of the Roosevelt church, which is to "commemorate the mourning stars of gold in America's service flag, and of all who served in the World War," was held today in the Collegiate church. The new church is to be interdenominational and will be built on Long Island. It is proposed to erect another in Washington, D. C. Assemblyman Theodore Roosevelt and Mrs. Douglas Robinson, the colonel's sister, made addresses.

"My father always taught us," Assemblyman Roosevelt said, "to commemorate the actions of men and women who served this country in the late war. He was fond of the proverb 'Practice what you preach.' He said no amount of high thinking was of any use unless translated into high action. The church is doing its duty in relationship to the community when it translates its doctrines and preachings into the every-day life of its adherents. The religion that is wrapped up in cotton wool and put in the top drawer of the bureau is not worth having. What my father taught was plain, direct, clean, and then act."

Lawrence F. Abbott, another speaker, said that in one election Colonel Roosevelt was accused of trying to turn the United States into a monarchy, with himself as king. Commenting on this accusation, the former President said to him:

"They don't know Kings as well as I do. Most of them are a cross between a vice president and a leader of the 'four hundred.' I have been a vice president and I have no desire to be a leader of the 'four hundred.'"

BIG DIAMOND RUSH SOON WILL TAKE PLACE IN SOUTH AFRICA

Joannesburg, South Africa, Monday, Jan. 25.—Tearing, a waterless, treeless and virtually homeless desert near Tanga, in Bechuanaland, promises to be the scene of the biggest diamond claim-staking rush in South African history. It is understood that Tanga will be proclaimed open for diamond staking about March 20.

Amazing stories are afloat concerning the wonderful riches of the district and prospective discoverers from the Cape to the Zambesi and Mozambique, and even the Congo, are preparing to try their luck in the new field. Despite warnings of the fact that the region is a barren and desolate place, many are abandoning good jobs in various parts of the country in order to be free to stake out claims when the proclamation is made. It is estimated that 10,000 men will be flocking to the new field.

ARMENIAN TO SAIL FOR TURKEY TO RESCUE WIFE FROM HAREN

New York, Jan. 25.—In an effort to rescue his wife from a Turkish harem where she has been held captive for about four years, Assadour Bey Boghes, an Armenian of Rade, Wis., will sail from here this week for Turkey, the Near-East Relief, which is assisting him in his task, announced tonight. Bey Boghes came to the United States from Harpoot, Syria, in 1911, returned to rescue his family in 1914, and as a result of the Turkish massacre of Armenians he was forced to flee through Siberia to the United States.

Three daughters, aged 16, 12 and 10, were seized at the same time as his wife and are being held in the same harem. He has little hope of finding them. He has been married in his native land and has a family of 10 children.

NEW EFFORTS IN BEHALF OF 5 SOCIALISTS

Assemblyman Amos to
Introduce Five Resolu-
tions Tonight

WOULD REMOVE MARTIN

Will Ask Bill of Particulars Be
Given Suspended Members
—Protest Meeting in N. Y.

Albany, Jan. 25. — An attempt to discharge the judiciary committee, which is conducting the trial of the five suspended Socialist state assemblymen from further consideration of the investigation, will be made in the assembly tomorrow night by Assemblyman William C. Amos, Republican of New York.

Assemblyman Amos announced tonight that he would introduce five resolutions touching on the assembly's action in suspending the Socialists. One will ask that a bill of particulars be given to the suspended members. Another will request the removal of Assemblyman Louis M. Martin as chairman of the judiciary committee, alleging that he has not followed supreme court rules of procedure at the trial.

To Challenge Littleton's Charge.

A fourth resolution will cite Martin, W. Littleton's charge that the suspended Socialists were supporters of an "invisible empire" and point out that such a charge if proved would constitute treason. The resolution will ask for an inquiry of the failure of the prosecuting officials to act.

The last of the resolutions will request that the New York City Bar association's committee, headed by Charles E. Hughes, be permitted to sit at the trial.

It was reported here tonight that among the witnesses to be called this week by counsel for the judiciary committee will be ten United States secret service men.

Regular Work of Legislature Impeded

The extent to which the regular work of the legislature has been impeded by the investigation of the five Socialist assemblymen is accentuated by the fact that so little progress has been made in general legislation that only a few of the customary army of lobbyists—"legislative agents" the law calls them—have made their appearance. Ordinarily, these personages are prominently in evidence almost from the opening day.

Representatives of such reform organizations as the Anti-Saloon league and the New York Civic league have been on the ground since the legislature was convened nearly three weeks ago, as well as some spokesmen for the anti-prohibition forces. Organized labor also has been represented as has the organization of nurses which is working for the passage of a measure designed to place registration of nurses under the control and supervision of the State Board of Regents. A similar bill failed of passage a year ago.

Up to date, however, the women's lobby, which was conspicuously active last year in support of the "welfare" bills, has not made its presence felt, nor are the familiar countenances of the attorneys for the traction and the manufacturing interests seen. It is predicted that the traction people will not be conspicuous in support of any legislation this year owing to the "slush fund" charges of 1919, but will be willing to accept any legislation that the Public Service commissions may recommend.

Mass Meeting of Protest.

New York, Jan. 25.—United States Senator Joseph L. France, Republican of Maryland, will be the principal speaker at the mass meeting to be held next Wednesday night at Madison Square garden in protest against the assembly's action in suspending its five Socialist members. It was announced at the Socialist headquarters here.

TO ATTEND RED CROSS COUNCIL.

Washington, Jan. 25. — Appointment of five delegates to represent the United States at the meeting of the general council, League of Red Cross Societies, at Geneva, Switzerland, the week beginning March 2, was announced today by the American Red Cross. They are: Elliot Wadsworth of Boston, Wm. Lloyd Garrison of New York, Mrs. William K. Draper and Otis H. Cutler.

Henry F. Dawson, chairman of the board of governors of the League of Red Cross Societies, and one of its organizers, will accompany the delegates when they sail on the Mauretania Wednesday.

FREIGHT EMBARGO ON S. & A.

Boston, Jan. 25. — The Boston & Albany railroad announced tonight an embargo, effective at once, on all west-bound carloads and less than carloads of freight consigned or to be reconsigned to western points beyond and beyond Albany, N. Y. The embargo was explained, was made necessary by weather conditions and resulting accumulation of freight amounts to 2,500 west-bound cars for delivery in connection.

THREE SETS OF TWINS

And in Each Family There Were Already Four Children.

Race suicide has had a terrible setback in Topeka since October 11, for between that day and October 21 three sets of twins, all healthy and all thriving, were born in Topeka. In each of the three Topeka families thus blessed there are four children older than the twins.

Margaret Maxine Thompson and Max Reese Thompson were born on October 11 to Mr. and Mrs. James D. Thompson, No. 1830 Kansas avenue. Four other children are in the Thompson family.

Robert and Charles Council were born on October 14 to Mr. and Mrs. Robert L. Council, No. 732 Madison. There are four children older than the twin babies in this family also.

Frank and Fred Coffey were born on October 21 to Mr. and Mrs. Charles Coffey, No. 1135 North Quincy street. Here, also, there are four older children.

The oldest mother of the three is thirty-five, the youngest twenty-five.

Nine U. S. Aces Still in Service. Nine of the 60 "aces" developed by the United States air service in the world war still are connected with the army, according to an official report.

BIG TRIUMPH FOR O. H. S.

LOCAL BOYS DEFEAT LITTLE FALLS BY SCORE OF 33 TO 15.

Most Sensational Game Played Thus Far This Season Results in Great Victory for Oneonta Team—Little Falls Completely Outclassed.

The biggest triumph thus far this season for the Oneonta High school basketball team was staged Saturday night at Little Falls, when the local boys defeated the fast quintet of the Little Falls High school by the score of 33 to 15. Although the Little Falls team is considered one of the best in that vicinity, it having won nearly all of its games this season, the O. H. S. boys put on a wonderful game and completely outclassed their opponents, so swiftly and brilliantly did they play.

The Otsego county lads had their way throughout the whole game, but had to fight hard to keep the determined Little Falls players from catching up. "Art" Palmer, Oneonta's star forward, shot the first basket from center and from then on the O. H. S. boys "kept the ball a-rolling" in fine shape. At the end of the first ten minutes play the score stood 10-0 in favor of Oneonta, but in the last half of this round the Little Falls boys succeeded in getting three baskets, and the score at the end of the half stood: Oneonta, 13; Little Falls, 6.

It is unnecessary to go into the details of the second half, as the O. H. S. quintet were in the lead all the way through and maintained the fine quality of playing which featured the first half. It was in pass work that the local boys shone, they completely outwitting their opponents. On the other hand, the Little Falls players were "some dribblers," to use the expression of one of the Oneonta men, and likewise kept the Kilpnockle boys guessing.

The outstanding feature of the game was Martin's wonderful shot in the early part of the first half. Although standing more than three-fourths of the way across the court from his basket, he shot the ball high into the air and it went through the basket "as clean as a whistle." This brilliant shot evidently made a profound impression upon the Little Falls boys, for after that they played with more determination than before—but to no avail.

All the Oneonta boys vied closely for honors, but Palmer succeeded in getting the most points, netting ten, while Perry and Martin each got eight, and Tansett seven. For Little Falls, Feldman was the high man, securing eight points, while Wood was second with six.

The local boys were enthusiastic over the treatment they received at Little Falls, their opponents being true sportsmen and treating them "the best we could be treated," as one of the players put it. The game was played on the Y. M. C. A. court, which was large and roomy and altogether one of the best courts the O. H. S. team has ever played on.

The next game on the local boys' schedule takes place on Friday evening of this week, when they will meet the fast team from Ulva Free Academy on the Oneonta High school court.

Following is the summary of Saturday's game:

FIRST WEEK, 5 EGGS; SECOND, 72; THIRD, 104

Mrs. Pierce Showed Steady Egg Gain for Mrs. Pierce in Winter Weather.

"The week before we tried Don Sung, we got 5 eggs, from 50 hens. The next week, from a 50-cent package of Don Sung, we got 72 eggs, and the next week 104. Some of our hens are more pullets and Don Sung has started them laying."

"Mrs. B. F. Pierce, R. F. D. 1, Butler, Tenn. Mrs. Pierce selected a severe time for her test—the middle of January. Yet she started getting the eggs promptly. Your hens can lay well in cold weather, and we'll prove it. Here's our offer: Give your hens Don Sung and watch results for 30 days and if you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded."

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in winter weather, and starts her laying. Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burdett-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

DULL AND REACTIONARY WEEK ON WALL STREET

Further Restriction of Loans and Another Crash in Foreign Exchange Are Features

New York, Jan. 25. — Further progress of the movement to restrict loans on all forms of speculation, and another crash in foreign exchange, were the outstanding events in this week's dull and reactionary stock market.

The break in international exchange had its partial inception in the broad campaign of deflation inaugurated by the Federal Reserve board and was most severe in remittances to the Allied countries, especially, England.

Such other developments as the congressional deadlock on railroad legislation, the continued paucity of time funds, and the country's record-breaking exports for 1919 attracted little more than passing attention or comment.

Prices of standard shares were generally low, but only in a few conspicuous cases did the shrinkage assume more than moderate form. The motor group was under especial pressure, taking the place occupied in the previous week by oils, which improved on the agreement with the Mexican government.

Steels and related shares were firm to strong, further heavy bookings by leading mills running into the second quarter of the year being reported. Other industrials, notably leathers and tobaccos, reflected less favorable trade conditions.

This was true in a measure of metals and shippings, coppers easing on a decline in the price of the refined product, while the several marine issues reacted on predictions of reduced tonnage rates.

Investment conditions were again confused by further successful foreign offerings, including the DeBeers syndicate, which was over-subscribed, and heavy selling of Liberty bonds and Victory notes. Some of these fell to lowest quotations yet recorded following the increased discounts fixed by the Federal Reserve board.

CHECK THAT COLD RIGHT AWAY

Dr. King's New Discovery has relieved colds and coughs for fifty years

It was an unusually high quality cold, cough, gripe, and croup remedy when introduced half a century ago. Not once in all the years since then has the quality been allowed to deteriorate. Its effectiveness in combating colds and coughs has been proved thousands of times in thousands of families. Taken by everyone and given to the little ones for the safe, sure treatment of colds and gripe, coughs and croup, it leaves absolutely no disagreeable after-effects. Get a bottle of your druggist's today. 60c. and \$1.20.

Bowels Act Human

Functions gently but firmly without the violence of purgatives when you treat them with Dr. King's Life Pills. A soothing, non-irritative that acts right down to loosen and gratifying results. All druggists—25c. a bottle.

DELAWARE COUNTY NEWS

AGGIES TAKE FAST GAME

Defeat for First Time Delaware Academy Five and Win First Game in Contest for Delaware Express Trophy.

Delhi, Jan. 25.—In a fast basket ball game here last Friday evening in the opera house, the Delaware Agricultural school's five, for the first time in its history, defeated the Delaware academy team and at the same time nabbed the first game in the contest for the handsome trophy offered by the Delaware Express. The final score was 24 to 18. The game was fast and clean throughout and was played before an enthusiastic crowd of fans. Following is the lineup and score:

DELAWARE ACADEMY—			
	Field	Foul	Total
Wrightman	3	0	6
Goodenough	2	0	4
Drum	0	0	0
Maynard	2	0	4
Monroe	1	0	2
Totals	8	0	13

AGGIES—			
	Field	Foul	Total
Brown	4	2	10
Hast	4	0	8
Kelly	3	0	6
Eason	0	0	0
Robertson	0	0	0
Young	0	0	0
Santoro	0	0	0
Totals	11	2	24

Wrightman and Goodenough shared honors for the high school boys, while Brown and Hast were the basket-getters for the Aggies. The Aggies are a happy bunch these days because their victory was won in a clean, sportsmanlike manner, in addition to the fact that it was the first time they had been able to down their famous rivals. The Delaware Express cup goes to the team that wins two out of the three games in the contest and the Aggies are hopeful that they will be able to walk off with the next game and with the trophy too. Last year, the High School captured the cup in two straight games.

The handsome trophy is now on exhibition in the window of the E. L. Stevens store, together with a similar prize donated by H. S. Graham & Sons, which will go to the American Legion basketball team in the county which has the highest average at the end of the season. As in the case of the High school-Aggies contest, there is keen rivalry between the Legion teams.

Eliminate the Poisons

The chief indications in the treatment of RHEUMATISM are to neutralize the toxins and destroy the specific poisons circulating in the body.

ALBERT'S RHEUMATIC REMEDY

rapidly eliminates the poisons thereby relieving all symptoms and preventing their return. No overloading your system with drugs. Half a teaspoonful of Albert's Rheumatic Remedy once or twice a day is sufficient. Price \$1.00.

Slade's Drug Store

of the county and a close fight is assured.

Weather Prophets in Disrepute.
The Delhi weather sharks who predicted an open winter, founding their prognostications on the goose bone-hogs melt-light coat of fur bearing animals, etc., don't seem to know much more about the weather than the fellow who concocted "near beef" knew about distance.

W. C. T. U. Holds Meeting.
The regular monthly meeting of the W. C. T. U. was held at the home of Mrs. Edward Goodenough on Friday evening. Owing to the inclement weather not many were present. In the absence of the president, Mrs. Wheeler, the secretary, Miss McIntosh, presided, and after the routine business had been transacted the program of the evening was carried out by the leader, Mrs. Ludington. A very interesting talk was given by Mrs. Harry Young and several selections read. Refreshments were served.

Briefs.
Mrs. E. J. Wheeler is spending a couple of weeks in New York city, visiting friends and relatives.—Horatio, the young son of Mr. and Mrs. S. F. Adey, is quite sick at this writing.—Election Commissioner Arthur Connor of Walton spent Thursday evening in town.—Those from out of town to attend the funeral of William Patterson were Mrs. Arthur Grant of Hudson and Arthur Patterson of Walton.—Miss Winnie Boyd has taken a position as general clerk in Aaron Stern's store.—William Thompson, son of M. F. Thompson, who has been ill with scarlet fever at his home in Albany, is making a good recovery.

DELAWARE DEED RECORDINGS

The following deeds were recorded at the Delaware county clerk's office in Delhi during the past week:

Town of Walton.
Oliver Washburn to Fred E. Gray, \$1,075.
Next to water, tea is the world's favorite beverage. No better tea than Biwa.

BEAR'S LAST FIGHT

Brum Made Big Mistake When He Tackled Turtle.

Like Ben King's Famous Pup, Slow-Moving Loggerhead Demonstrated That "What He Took Hold of, He Never Let Go."

While bears are certainly dreadful antagonists, they have been known to get the worst of it when out of their element. Curious and unequal combats occur when beasts of prey attack creatures under unusual circumstances. The pursuer in such a case is likely to incur more risk than the pursued, a fact that was illustrated in a novel encounter in a harbor of Florida between a bear and a turtle.

The crew of a schooner while ashore heard a strange rumbling and pushing around a turn in the beach, saw a huge loggerhead turtle in deadly combat with a big black bear.

From the men's position it seemed that the bear had sprung upon the turtle as it was retreating toward the water, and had tried to overturn it. In some way the bear had stepped in front of the turtle, which, thrusting its head out, had quickly seized one of the bear's hind legs and held it.

At this the bear roared loudly, pawed furiously at the turtle's back, and tried to force it over. The turtle resisted with all its strength and weight. He settled down close to the ground whenever the bear made an extra effort. Then, as the bear would relax its efforts the turtle would suddenly start up and endeavor to get nearer the water, keeping his firm hold on the bear's leg.

Finally, by a sudden push and a powerful muscular effort of his head and paws, brum managed to get the turtle half set, one side being raised a foot or two. Pursuing his advantage, he seized one of the turtle's hind flippers in his jaws, and the snap that followed showed that the bear felt that things were coming his way.

He continued to chew the flipper and endeavor to overthrow the turtle. But his antagonist worked around and finally got in a stroke with its sharp claw that badly ripped the bear's underside. This infuriated the bear to such an extent that he let go his grip on the flipper and, reaching his head down, tried to reach and free his hind leg. Herein he committed a terrible tactical error and the enraged loggerhead quickly improved the opportunity thus afforded him.

As the bear's nose came within reach the turtle let go the hind leg and quick as a flash fastened his iron grip upon the bear's jaw. The bear was taken by surprise and roared lustily with pain and rage. The turtle pushed on and dragged his unwilling captive along. The bear saw his danger and felt it, too, for they were so near the water's edge that the waves were splashing them.

The bear continued to struggle ferociously, but his strength soon began to fail, for the turtle dragged him deeper and deeper. Fighting with his head half the time under water so exhausted the bear that presently he began to gurgle. That moment was fatal. The loggerhead marched off into the sea with his enemy and the last seen of the bear was the feeble kicking of his hind legs. Next day his body was washed ashore, cut into a dozen pieces.—New York Herald.

WHEN AIRPLANE WAS NOVELTY

In 1910 Newspapers Considered Ordinary Flights as Something Worthy of "Splurge" Headlines.

Nine years ago who would have dreamed of an NC-4 flying easily from Rockaway to Halifax, from Halifax to Trepassay, from there to the Azores and on to Lisbon, and thence to Plymouth? Or of Hawker and Grieve, the indomitable ones, jumping off at St. John's in a land machine with an ocean between them and the Irish coast, whether they were bound? Or of Alcock and Brown who won after Hawker and Grieve had failed? Or of a dirigible, large as the ocean liner Adriatic, with five gondolas and a crew of 30 men, sailing swiftly through the fog, most of the time seeing nothing else, from England to a landing field in Mineola?

On July 7, 1910, a New York newspaper published the latest "ocean flight" news with a three-column head: "Curious, in Great Ocean Flight, Soars 1300 Feet Above Waves."

"Remains Aloft More Than 12 Minutes, Circles Atlantic City's Throats."

The story goes on to describe the flight: "Steadily as a sea gull, the great yellow biplane flew over the sea, 1300 feet above the waves and a mile out from the shore, remaining aloft for 12 minutes and 13 seconds." It tells how Curtiss almost wrecked the plane at the start in a dash through a breaker. The accident forced him to descend after he had covered 1,300 feet.

"Sending for new propeller blades," the account says, "Mr. Curtiss superintended their adjustment, and after a single test he forgot the accident and daringly reascended. This display of confidence and courage brought a cheer from the multitude."—New York Evening Post.

More Food From Irrigation.

Prospects throughout the western reclamation belt indicate that the food production records of 1917 and 1918 will probably be eclipsed by those of the current season. Prices of essential foodstuffs are high enough to make it attractive and profitable for farmers to produce on a big scale. Reports indicate the labor supply is abundant and good, although demanding high pay. Credits are not cramped, with the consequence that native farmers are not handicapped in their operations. This is why it looks like a boom year for the rubber-boot farmers of the far West.

MILITARY DECORATIONS.
In view of the current discussion in congress concerning the awards made by the American government for distinguished services and acts of heroism during the World war, the National Geographic society has issued the following bulletin giving the history of the three army awards now bestowed and setting forth the circumstances under which they are given:

"In nearly all the countries which are included under the term of great powers decorations for distinguished service rendered to the state take precedence over those awarded for acts of valor, this on the theory that the services of statesmen, generals, and other public men high in the councils of the nation are of more importance, and therefore deserve higher reward than do individual acts of gallantry on the battlefield," says the bulletin which is based on a communication to the society by Col. Robert M. Wyllie, U. S. A.

"The exceptions to this rule are Great Britain and the United States, in both of which countries the primary valor decoration takes precedence over all others, and it is worthy of note that the standards set for these two rewards are not only higher than in any other country, but they are also more rigorously applied.

"Awards of the Victoria Cross (British) and of the Medal of Honor (American) are so rare and so jealously guarded that they are undoubtedly the two highest honors which can be bestowed for valor, and this may serve to explain why they are placed first in their respective countries, contrary to the custom of all others. An additional resemblance is that neither is ever bestowed on a foreigner.

"The Medal of Honor was instituted by act of congress in 1861 and was the earliest American decoration. However, it applied at that time only to enlisted men of the navy. In the following year enlisted men of the army were included, and by an act approved March 3, 1863, its provisions were extended to include officers in the army, but naval officers were not eligible for this decoration until 1915.

"The conditions under which the Army Medal of Honor may be awarded have been changed from time to time. Today the law provides that: "The President is authorized to present, in the name of congress, a Medal of Honor only to each person who, while an officer or enlisted man of the army, shall hereafter, in action involving actual conflict with an enemy, distinguish himself conspicuously by gallantry and intrepidity at the risk of his life, above and beyond the call of duty."

"The Distinguished Service medal, the American decoration which is second only to the Medal of Honor, can be awarded by the President to any person who while serving in any capacity with the army of the United States, shall distinguish himself or herself by specially meritorious service to the government in a duty of great responsibility. The Distinguished Service medal for the navy is awarded under exactly the same conditions as for the army and was established by act of congress in February, 1919.

"It should be noted that the service to be rewarded with this decoration do not have to be rendered at the front, much less in action, the requirement of great responsibility being the governing factor. It was intended to be used in the same way as the Legion of Honor of France and other similar orders with which European countries reward the great leaders of their military and naval forces.

"The Distinguished Service cross is purely an army decoration and is bestowed as a reward for individual acts of extraordinary heroism in connection with military operations against an armed enemy, not warranting the award of the Medal of Honor.

"It is indicative of the growing recognition of the important position of women in the modern state that both the Distinguished Service medal and the Distinguished Service cross have been awarded to women."

Entertaining Social Is Held.

About 30 young people of the First Presbyterian church gathered in the church parlors Saturday evening for a get-together social. The feature of the evening was the stereopticon lecture on Venice given by the pastor, Dr. Russell, who told some of his personal experiences in that quaint Italian city of canals.

Following the lecture and a social hour, delicious refreshments were served by the young ladies of Miss Alden's class, after which the enjoyable evening came to an end.

Charles Hitchcock Opens Store.

Charles Hitchcock is now conducting the grocery store and meat market at East End formerly owned by F. H. Borton. Mr. Hitchcock is the sole proprietor of the store, but employs as a clerk his sister, Mrs. Emma Wood, who in a recent issue of The Star was erroneously stated as being one of the proprietors.

OVERCOAT THIEVES NABBED

YOUNG ADVENTURERS TAKEN INTO CUSTODY BY D. & H. AND CITY POLICE FORCES.

Two Youths Plead Guilty to Charge of Petit Larceny—Stolen Two Coats From D. & H. Train and Another From High School—Also Take Travelling Bag from Hotel Oneonta.

Harold Montgomery of Albany and James Doran of Valley Falls, both 19 years of age, are lodged in the city jail following their arrest Saturday afternoon on charges of petit larceny as a result of their escapade in stealing three overcoats and a travelling bag. Combined forces of the D. & H. detective department and the local police were responsible for their capture.

The D. & H. detectives were first given notice of the thefts when Conductor Leon Morse of train 303 reported that his overcoat was missing. A little later, one of the men passengers on the train notified the conductor that his overcoat was gone. Conductor Morse got into touch with Police Lieutenant O. B. Abell, who soon had his men at work.

The local aspect of the case developed on Friday, when one of the traveling salesmen stopping at The Oneonta told the police that his travelling bag, containing miscellaneous articles of clothing, was missing. And on Friday evening, William Rogers, a bookkeeper employed at the office of McFee & Borst, who resides at the home of O. B. Grosfant, 37 Center street, said that his overcoat, which he had left in a corridor cloakroom at the High school while attending the basketball games, had mysteriously vanished.

When Detective Abell learned of the new developments, he put a squad of his men on the local phase of the case and in co-operation with Chief Horton and other city police officers they secured the evidence that led to the arrests.

Montgomery was nabbed at the Union station Saturday morning by Officer Odell as he was about to take a train for Albany. His pal, however, succeeded in eluding the officer. Montgomery was caught "with the goods on," for he was wearing one of the stolen overcoats and carried another one in the stolen travelling bag, which he carried. Doran, as he afterward told the police, got rather uneasy when he saw his partner nabbed and instead of continuing to Albany, as he ticked called for, he sneaked off the train at Colliers and made his way on foot to Cooperstown Junction, where he took the next train for Cooperstown. All the police officers in this section had been notified to keep on the lookout for the offender and Officer Barney Dickson of Richfield Springs captured him as he stepped off the trolley there, he having taken the car from Cooperstown to Richfield, via Index. Chief Horton and Lieutenant Abell went to Richfield to get the prisoner and brought him back to the local jail, where he is now lodged.

Both young men confessed their guilt and said they had met in New York and visited several upstate cities before coming to Oneonta. Their last stop had been Binghamton. All three overcoats were recovered, as was also the travelling bag. The men were held on a charge of petit larceny and will be arraigned before Judge Huntington this morning. Both are said to have come from good families.

While in this city they stopped at The Oneonta, where Montgomery registered as Harry Maxwell and Doran as Edward McCoy.

Building and Loan Association Elects.

At the annual business meeting of the Oneonta Building and Loan association, held Friday at the association offices on Chestnut street, Walter Scott, Albert E. Tobey, Frank McFee and W. Irving Bolton were elected directors for the ensuing year to succeed themselves. At a subsequent meeting of the directors, the following were chosen as officers:

President—Walter Scott.

Vice President—Albert E. Tobey.

Treasurer—T. W. Stevens.

Secretary—W. Irving Bolton.

This excellent home institution is teaching people of limited means how to combine small amounts to their mutual advantage and also to thus provide money with which to successfully finance the serious housing problem of Oneonta and vicinity. Shares to the matured value of over \$250,000 have been issued in the new series, which opened Jan. 1st.

Wanted—Short order cook at the Pioneer lunch.

OTSEGO COUNTY RESOURCES

RESOLUTIONS WHICH UNADILLA AND EXETER VOTE UPON.

Town Boards Will Vote on Proposition to Purchase Lands for Reforesting After Public Meetings—Unadilla Meeting on Friday, Exeter on Saturday of This Week.

The big job today of all Otsego county citizens is to develop the resources of the county. An organization has been perfected to take the leadership in the movement, namely, the Otsego County Improvement association. A large number of individuals have not only contributed money but have also put their shoulder to the wheel to help by thought and action.

Probably our greatest undeveloped resource is that land on which tree growth is found and that which is commonly known as abandoned farms. According to expert foresters, the 150,000 acres of these lands which constitute part of the topography of the county, should yield a net annual return to the owners of not less than \$1,183,000. To secure this return would necessitate scientific forest management.

Obviously, it will be impossible to induce a large number of individuals to consider their farm wood-lots as enterprises from which an annual return should be secured the same as any other portion of their farms. Consequently, the improvement association is actively working on the township forest idea as embodied in the resolution drafted by the Exeter town board which appears below:

Whereas, this board has been informed by expert foresters from the State College of Forestry located at Syracuse that, after the first 30 years, an annual net return of \$7.00 to \$10.00 per acre can be expected from lands planted to forest trees; and

Whereas, there are lands located within the township which are now unproductive as agricultural lands, returning to the township little or nothing in the way of taxes.

Therefore, be it resolved that this board act under the provisions of chapter 74 of the general municipal law, section 72-A, acquire for the said town of Exeter, a tract of land to be reforested at the rate of not less than 20 acres annually, beginning with the spring of 1920.

This resolution will be acted upon after a public meeting in Maccabee hall, Schuyler Lake, on January 31, at 1:30 p. m. A similar meeting will be held in the High school building, Unadilla, on January 30, at 1 p. m.

Why should we plant trees? Simply because it is our plain duty. We have enjoyed the benefits derived from tree growth provided by nature. "God has lent us the earth for our life. It is a great entail. It belongs as much to those who are to come after us as to us, and we have no right, by anything we do or neglect, to involve them in any unnecessary penalties, or to deprive them of the benefits which were in our power to bequeath."

Forest lands of the North American continent are fast going into the hands of companies which require wood for their manufactured products. The end of the supply is in sight and they are, therefore, endeavoring to protect themselves by acquiring present tree growth. Village and town boards, also individuals who expect their children and grandchildren to succeed them in business or on the land, have an obligation to perform; and that right soon. Fortunately for the present generation, the cost in money and labor will not be great.

Smoke Too much? Let Nicotol Help You Quit

Do you smoke too much? Thousands of men do and know it. They want to smoke less or quit altogether but will not push themselves to endure the craving that follows leaving off. Such men need Nicotol which kills the craving and makes cutting down the use of tobacco or quitting altogether easy and pleasant. Nicotol cures the craving for tobacco, turns up the nerves and keeps you feeling fine and fit. Go to any drugstore for a package of Nicotol tablets sold under a steel-bow guarantee of satisfaction or money refunded.

Note: Ask your druggist what other

(National Crop Improvement Service.)

REINFORCED stucco is a new and lasting form of construction for houses and other buildings. In the very first introduction of stucco it became very popular, as many beautiful designs of architecture were reproduced which were otherwise impossible. Its beautiful finish made possible tints and trimmings which displayed such harmonious effects that stucco houses are now in a class by themselves.

However, the only detrimental feature of stucco work was its tendency to crack, work loose and fall away. This trouble was not due to the quality of the cement or plaster, but to the method of application and foundation. Wood laths warp, expand, contract and work loose, and therefore do not form a proper foundation for stucco. If, however, the foundation is laid with a galvanized steel wire mesh in which to imbed the cement, the walls become one unit under a solid mass of cement.

By the use of this steel fabric, the walls are woven continuously around the buildings instead of being joined together at the corners, and should a cyclone roll the house over and over, it would remain intact.

As a general rule, the cost for the materials under this method plus the installation cost is approximately 40 per cent cheaper than with ordinary painted metal laths.

Contractors who have used galvanized wire mesh reinforcement extensively, state that for ordinary house construction, two men should put on 300 square yards in a day. The cost to the contractor for the material itself, would amount to perhaps 20 or 25 cents per square yard.

For new buildings, the sheathing is covered with some soft-finished tarred building paper, and the wire mesh is applied directly over this paper. Old buildings, if in good condition, may be covered by simply stripping the fabric directly to the old weather boarding, building out the window and door frames and facing them after the stucco is in place.

Buildings remodeled in this way are made warmer, more durable and present a greatly improved appearance. The American galvanized wire mesh for this purpose is made from cold-drawn mild steel having a high breaking strength. For stucco purposes it should always be galvanized in which case it will not rust. The finished fabric will take care of stress in all directions. It is made in various gauges of wire, but the most successful size is No. 12 for the longitudes, the cross wires No. 14, woven in triangles instead of squares. This will make a good job.

city; also lock operators, orderlies, watchmen, matrons and physical instructors in state reformatories.

Applications should be filed on or before February 18. Circulars and blank application forms can be had by addressing a postal card to the State Civil Service commission, Albany, N. Y.

Women of Mooseheart Legion.

There was a meeting of wives, daughters and mothers of members of the Loyal Order of Moose on Saturday afternoon at the Moose home on Diets street. There were about 30 ladies present and ten new names of members were received, making 42 in all. A talk was given by Mrs. C. A. Boswell of Binghamton, who spoke on the work of the women of the Mooseheart Legion.

The next meeting will be held at K. of P. hall on Thursday evening, at which time it is hoped the list of charter members can be completed.

Playing cards for pinocchio, whist, euchre and finch, at from 25c to 75c. The Corner Bookstore Kenneth W. Goldthwaite.

The table talk proves beneficial for Brown

"Dad, you certainly do look old and cross frowning at me over the top of your glasses every time you address your conversation to me."

"Why is it, Aunt Louise, that you, being about father's age, are not obliged to constantly juggle your glasses and go through all sorts of eye contortions when you look up from your menu?"

"Because," replied his aunt, "my glasses are two pairs in one. The reason neither of you knew that I wore bifocals is because they are the invisible two-vision kind with no telltale crack or seam across the surface."

"You remember that I too used to wear glasses that necessitated my ducking my head to see distant objects until one day a friend told me about these wonderful two-sight Kryptoks."

"I immediately went to O. C. DeLONG, 207 MAIN ST., who prescribed and fitted me with Kryptoks, and I have been enjoying eyesight comfort and convenience ever since."

"My friends tell me I look younger too."

"I am sure, Ben, that a visit to him will solve, forever, your eyeglass troubles. The thoroughness which characterizes every phase of his service makes you feel that your eyes are perfectly safe in his care."

There is a world of interest in reading advertisements

Your daily newspaper is far brighter and more interesting for the advertisements it contains. You get information from them. You learn all about many little things that are of so much personal importance in your life. They keep you posted. They tell you what is new and desirable.

Sometimes they keep you from making an unwise purchase by pointing out just the reasons why one article suits your needs better than another.

Reading advertisements helps you to economize. You know that economy is not alone a matter of saving money but of spending money to advantage. Advertising identifies goods of unquestioned value.

LOCAL MENTION.

—The store of M. E. Wilder & Son
is to be closed today in preparation
for the annual clearance sale which
commences Tuesday morning.

—The 9:40 p. m. main line trolley
car will be held until the close of the
performance of "My Soldier Girl" at
the Oneonta theatre this evening and
will carry passengers as far as Hart-
wick.

—There were three candidates pres-
ent at the state civil service examina-
tion held Saturday in this city by
George L. Gibbs esq. All were applica-
nts for the position of auditor in the
Income Tax bureau, office of the state
comptroller.

—Although a few skaters took ad-
vantage of the clearing of Farnes's
pond by the Park commission, the ice
was in poor condition, owing to the
heavy snowfall, and by Saturday eve-
ning the surface was so covered with
snow that skating was impossible.

Crusade Ends and Begins.

The second term of the Modern
Health Crusade will begin in February
in the greater number of Otsego county
schools. The first crusade, which has
just been concluded, has proved to be
a great success in starting health hab-
its and the second crusade is being
launched for the purpose of confirm-
ing the habits.

In beginning the second term of the
crusade, attention is called to the fact
that the success of this work depends
largely upon the co-operation of the
parents at home. The crusade was
first started by a parent in an effort
to find an incentive for his son to take
an active interest in the doing of
health chores. The success of the
crusade in this home has led to the
extension of the movement until today,
in all parts of the United States, the
crusade is being successfully carried
out.

The Oneonta Normal school has re-
cently completed the first health cru-
sade. Dr. W. J. Lynch, superintendent
of the Normal Training school, has
found it a practical means for secur-
ing better health habits and has en-
joyed conducting it throughout.

Clos Enjoy Dinner and Dance.

The senior members of the Clionian
sorority of the State Normal school
were the guests of the juniors at a din-
ner and dance held at The Oneonta
dining room on Saturday evening. The
merry party sat down at the tables at
about 5:30 and after a delicious
meal spent the early hours of the
evening dancing to the excellent mu-
sic of the hotel dance orchestra. The
guests of the evening united in voicing
their appreciation of the fine time the
juniors had given them. The party
was chaperoned by three members of
the Normal faculty.

The event also served as a farewell
reception to Miss Flora Rowlands of
Whiteboro, one of the most popular
juniors of the sorority, who, owing to
ill health, was forced to return to her
home. A large number of her school
friends gathered at the trolley station
yesterday afternoon to bid her
good-by.

Meetings Today.

Regular meeting of Canton David
Wilder, No. 7, I. O. O. F., this evening
at 8 o'clock.

Co. G band will meet at the armory
this evening at 7 o'clock sharp to give
a short concert preceding the basket
ball game.

Bible Study class, group 4, will meet
with Mrs. Robinson, Linden avenue,
this evening at 7:30. Important busi-
ness meeting. Large attendance de-
sired.

Stated convocation of Oneonta
chapter, No. 277, R. A. M., in Masonic
hall, this evening at 8 o'clock. This
is rally night for the new year. All
members earnestly requested to be
present. Light refreshments and
smoker.

Troop two, Boy Scouts, will meet at
the Y. M. C. A. this evening at 7:30
sharp. Earle P. Elmore, scout master.

Rebekah Noble Grands to Meet.

January meeting of Rebekah Pies
Noble Grands' association will be held
at Hartwick, Wednesday, January 28.
Members may leave on 10:45 car.

Royal Arch Masons.

Following a short business session
this evening a light lunch will be
served, followed by a smoker, the
evening being devoted to one of so-
cial intercourse. All Royal Arch Ma-
sons are cordially invited. Come and
get acquainted. advt 11

You will laugh and laugh again over
the rustic minstrel, an evening of pure
fun, arranged by the sophomore class
of the high school, at the high school
auditorium, on Friday evening, Janu-
ary 29. Tickets 25 cents, at the
Corner Bookstore. advt 11

The fire department wishes to thank
George Noble, proprietor of the Pio-
neer lunch, for his thoughtful donation
of coffee after the fire on Friday night.
advt 11

otype operator, on The Star, \$13.10 per
week. advt 11

KLP - KNOCKIE DINNER

Held at Park Hotel New York
City Saturday Night

VERY ENJOYABLE EVENT.

Club Plan Week-End Outing in One-
onta Late in June Next—City Will
Make Visit of Her Sons a Memorable
Event.

Members of the Knp-Knockie Boys
of New York city are to visit the old
home town for a week-end outing dur-
ing the latter part of June next, such
decision being made at the annual re-
union and dinner of the club held at
the Park Avenue hotel in New York
on Saturday night last. If the senti-
ment prevailing among the members
present may be taken as indicative
they will come in large numbers.
Oneonta will beyond doubt plan to
make their visit a memorable event
and one that will strengthen the ties
that bind them to the old Otsego
home.

While the attendance was not as
large as in former years, there was
manifested the same keen interest in
the success of the organization and
displayed also the same intense loyal-
ty to the home of their youth if not
of birth. While all have won success
and made a creditable record at the
metropolis or in its environs, all pro-
fessed that the days spent in Knp-
Knockie were cherished fondly and
that to each and all it is the one place
to which their minds turn with a deep
and abiding affection that time will
not efface. The short notice given,
the unfavorable weather, rain falling
necessarily during the day in the me-
tropolitan district, doubtless affected
adversely the attendance.

There was a social hour in the par-
lors preceding the dinner when old
times were recalled and old acquaint-
ance renewed. Those in attendance
voiced deep appreciation of the pres-
ence of the Oneonta delegation, which
included Mayor Ceperley, O. C. Mc-
Crum, Cashier M. C. Hemstreet, B. H.
Morris, L. L. Gardner and H. W. Lee,
the former being seated at the offi-
cers' table. Following an excellent
course dinner, President T. D. Tall-
madge presented A. E. Richardson
esq., now assistant district attorney of
Kings county, as toastmaster, who ab-
sented himself from a big dinner of
Kings county friends of Judge Has-
kell given at the Commodore to at-
tend, thus manifesting his interest in
the Knp-Knockie club. Mr. Richard-
son was in his happiest vein and made
much merriment in presenting the
speakers. It was informal through-
out, no list of speakers being arrang-
ed but all being called upon impromptu.

Mayor Ceperley was first announced
and he expressed cordial greetings
from the friends in Otsego, saying that
all take pride in the record and suc-
cess of the boys that have gone to the
city from Oneonta and extending a
hearty invitation to hold a reunion in
the summer in Oneonta. President
Tallmadge made a happy response, in
which, after some felicitations to
members and visitors, he urged a more
distinct purpose for the society, fol-
lowing the character of the Ohio so-
ciety and other similar organizations,
in which mutual co-operation and
helpfulness are sought. This idea
was heartily endorsed.

Others responding in a reminiscent
vein were O. C. McCrum, W. D. Fitz-
gerald, M. C. Hemstreet, B. H. Morris,
L. L. Gardner, J. Stuart Tompkins esq.,
Prim. M. I. Jewell, Charles J. VanDeu-
sen, Malcolm E. Baxter and C. C.
Swift. During the dinner and speeches
songs were abundant with Harry
Armstrong as leader and entertainer,
good fellowship abounding throughout
the evening.

Officers Chosen.

Before adjournment a short busi-
ness session was held with the reports
of the officers showing the society
prosperous, being followed by the
election of the following officers.

President—Leon D. Reynolds.
Vice Pres.—Henry E. Tober.
Secretary—C. Clarence Swift.
Treasurer—Lyman J. Fisher.
Executive Committee—T. D. Tall-
madge, William C. Paul, Edward M.
Vosburgh, Wilson F. Keener, M. E.
Baxter, W. H. Knapp, Thomas J.
Moore, John F. Hynds and W. Guy
Fellows.

Letters of regret from a score and
more of those usually in attendance
or friends from this city invited were
read by Treasurer Fisher. Sympathy
was expressed for the president elect.

(Concluded on Page Eight.)

Take Notice.

We have taken over a portion of
Tapp's stock and will carry a full
line of the latest magazines. We have
a list of former customers and will
gladly furnish all their favorite mag-
azines. After January 31 we will be
located at 254 Main street. Mrs. Eck-
ler and Mrs. Bjork. advt 31

Cut and Gashed

For today and Monday are the prices
on what's left of our overcoats, leath-
erettes, mackinaws, heavy work trou-
sers, underwear, flannel shirts. Every-
thing in our winter weight line of
clothing and furnishings must go at
one-third off our regular prices. Ya-
selle's Upstairs Clothes shop, 174 Main
street. advt 21

Almost Cut in Half.

What? The fare of the River Street
bus, by buying the special tickets.
Twenty-four rides for \$1.50, good un-
til used. Procure tickets from driver.
Mauida M. Driggs. advt 21

Player Piano.

A fine instrument, like new; been
used very little; with 60 high-class
music rolls, at a bargain. Call at
once. Fred N. VanWine. advt 11

You can put yourself on the track
when your guests tell you that your
dinner was perfect. Otsego will help
you make it so. Its blend and aroma are
right. It's real coffee. advt 11

BASKET BALL TONIGHT.

Fourth Games of City League at the
State Armory.

The fourth of the series of basket
ball games in the city league will be
run off at the armory this evening at
8 o'clock. Strong teams are lined up
for the evening's program, and those
interested in athletics should attend.
The first game of the evening will be
between the Co. B and Co. C Cadets,
and should be a winner. Both teams
are evenly matched and it will be a
good struggle for the honor of the eve-
ning.

For the second event of the evening
the Oneontas will play Company G
and this promises to be a good game.
The militia men have made some
changes in their team, which has
strengthened it wonderfully and they
are going to give the Oneontas a hard
rub tonight. The Oneontas are a
very strong aggregation and have sur-
faced but one defeat this year, and are
sure going to try to hold up the record
established by them.

A new innovation at the games to-
night will be concerts by Company G
band before games and during inter-
missions. This band is a very fine one
as everyone knows, and they are going
to give the spectators some fine peppy
music tonight.

TO PREACH AT CHAPIN CHURCH.

Rev. Dr. S. G. Butler Coming First
Sunday of Each Month.

Chapin Memorial Universalist
church is rejoicing over the fact that
Dr. S. G. Butler, formerly and for
some 17 years pastor of a large church
at Middletown and recognized as one
of the big men of the denomination
and one of its ablest preachers, has
consented to come to Oneonta and
preach on the first Sunday of each
month commencing with Sunday next,
Feb. 1.

Dr. Butler was formerly pastor of
a church at Binghamton and at one
time was invited to become the per-
manent pastor here, but was unable
to accept, owing to a call from a much
larger church. He has recently retired
from the church at Middletown be-
cause of impaired health and is located
at Herkimer. At the earnest solici-
tation of Chapin church he has con-
sented to come once each month to
fill the pulpit here.

FALSE ALARM SOUNDED.

Some Miscalculation Box 46 of Fire
Alarm System.

Sunday evening at about 8:30
o'clock some miscalculation from appar-
ently pure carelessness sounded an alarm
from box 46 at the corner of Church
and Center streets. The temperature
was well below zero at the time and
the firemen were disgusted and would
probably have kicked around some
the offender could he have been locat-
ed when they arrived at the box to
find that the alarm was a false one.
No one had seen the offender either
at the box or in making his escape
from the spot and no trace of the
guilty party has been found.

Louis Rose, who resides near the
box, went to the porch at the first
sound of the fire whistle to count the
box and seeing no one about the box
was amazed when he found that 46
had been sounded. He then looked in
all directions but saw no one. Others
residing near were out of doors as
soon as the box had been sounded but
none of them so far as could be
learned saw anything of the offender.
It was a despicable act and especially
so under the present climatic con-
ditions. The guilty party will prob-
ably be shown no leniency if his
identity can be learned.

Merchants' Association to Elect.

The annual meeting of the Mer-
chant's association for the election of
officers and for the transaction of all
other business will take place in the
Chamber of Commerce rooms on Fri-
day, January 30, at 9:30 a. m.

On January 30th also, at 7:45 p. m.
in the Municipal hall, Fred J. Graft
of Utica, representing the income tax
bureau, will address a joint meeting
of the Chamber of Commerce and the
Merchants' association. The attend-
ance of all members is desired.

Recreation Dancing Club.

This club will meet as usual this
Monday evening, from 8 to 11. Mrs.
Hurst will give instruction from 8 un-
til 9. Membership tickets may be ob-
tained from the committee at the
door. Canning's orchestra. advt 11

Wanted—At the Dairy lunch, short
order cook nights; good wages and
permanent position to right party.

COOPER WILL RECOVER.

Cooperstown Man Buried Under Coal Reported to Be Holding Gun.

Will Cooper, who, as noted in Saturday's Star, was buried under several tons of coal in an accident at Friday's Mill, Cooperstown, Friday morning, is expected to recover, physicians at Thanksgiving hospital, where he is attended, stated last night. There is a slight fear that pneumonia may develop, but this is apparently the only obstacle to his ultimate recovery.

Later versions of the accident differ from the story first given. The Star's correspondent. It appears that Cooper had driven his team up to the chute to get a load of coal at the same pocket where some time previous several loads had been taken out. The chute and rain of the past few days had tumbled the coal into a slight crust and the coal had run down into the wagon from under this crust, thus leaving the crust to deceive a person who might have occasion to step on top of the coal. It became necessary for Cooper to get out onto the coal to keep the coal flowing into his wagon, and as he stepped onto the crust it gave way and let him fall into the pit below. Fortunately he was near the outside wall of the pocket and could get a little air through cracks in the siding. This undoubtedly saved his life. For it was an hour before fellow workers could reach him by tearing open the side of the pocket.

Funeral of Daniel Hungerford.

Funeral services of the late Daniel Hungerford were held at 2:30 o'clock Sunday afternoon at the family residence, 387 Main street, Rev. Dr. Farley of the First Baptist church officiated, reading appropriate passages of scripture and following with an address full of consolation to the bereaved family. There was a large attendance of neighbors and friends, among them the members of the G. I. A., who were present in a body, and numerous floral tributes, from the First Baptist church, the Chestnut street school and relatives and friends bespoke the general sympathy and regard.

The body, accompanied by Mrs. Hungerford, Mr. and Mrs. F. W. Bouck, Mildred and Sidney Bouck, Watson Ostrander and Aaron VanSchaack, will be taken on the 9:40 train this morning to Altamont and thence to Guildford Center, where services will be held at 1 p. m. in the Dutch Reformed church, of which he was a member. Among those present at the service in Oneonta yesterday was Myron Oliver of Delmar, a nephew of the deceased.

"MY SOLDIER GIRL."

Gorgeous Production at Oneonta Theatre This Evening.

What will prove the prettiest girl show, catchiest music, funniest comedy and most gorgeous production on tour this season is the brilliant musical comedy, "My Soldier Girl," a brand new offering at the Oneonta theatre tonight. If pretty girls who can and do sing and dance, will make a musical show, a success, this entertainment should lead all other attractions for in this show from the rise to the fall of the final curtain there are girls—just girls in all their possibilities, probabilities, and all their charming attitudes. The authors have combined clever, snappy dialogue with tuneful melodies and the song hits of which there are more than a score, including the title song success, "My Soldier Girl," which is the favorite number in the score. Some of the other songs are "That Old Wedding Tune," "Just For You," "Jasper's Ragtime Band," "Wrap Me Up in a Bundle of Love," and a score of others. Seats now selling.

John W. Shaw of the auditor's department of the state income tax bureau, was in Oneonta yesterday on his way from his home in Morris to the Poughkeepsie office where for several weeks he has been engaged.

"The Joyce stores received a shipment of cedar chests and four poster beds in walnut and mahogany late for the Christmas trade. Will allow a discount of 20 per cent and deliver."

FORMER SCHENEVUS RESIDENT.

Miss L. May Brown Dies Friday at Home in Brooklyn—Funeral Today.

Schenectady, Jan. 23. — Miss L. May Brown, a former resident of this village died on Friday Jan. 23 at her home in New York city. A prayer service was held in New York yesterday and the body will be brought Monday morning to Schenectady, where the funeral will be held at 2 p. m. Monday at the home of her cousin, Miss Ella Brown. Rev. Frederick Carroll pastor of the Methodist Episcopal church, will officiate and the burial will be placed in the vault for interment later in the family plot in the Schenectady cemetery.

Miss Brown was a daughter of the late Carlton W. and Louisa (Wilson) Brown, and was born at the homestead in this place in 1867. Her early life was spent here and she graduated from the Schenectady High school in 1890. Afterwards she taught in Unadilla and at Whitehall, but for a long time she held a business position in New York city. She was a much respected woman with many friends who will regret her demise.

The near surviving relatives of the deceased are a brother and sister, John W. Brown and Mrs. Florence Guy, both of Brooklyn.

without pain or effort. No
nausea, no griping, no
headache. Always reliable.
Sold by druggists everywhere.

How Would You Feel
In a Clown's Costume?

The clothes you wear tell the world what you are, how you feel, what you like and what you want to be!

Good clothes help you to feel happy and sunny and up to concert pitch.

In your clown's costume at the Masquerade Ball you found it easy to be light-hearted and merry. In the solemn black gown of the Chief Justice, you would ooze dignity and gloom from every pore.

And the moral, if you please, is to choose your clothes with a care.

May we help you by offering our wonderful assortments of—

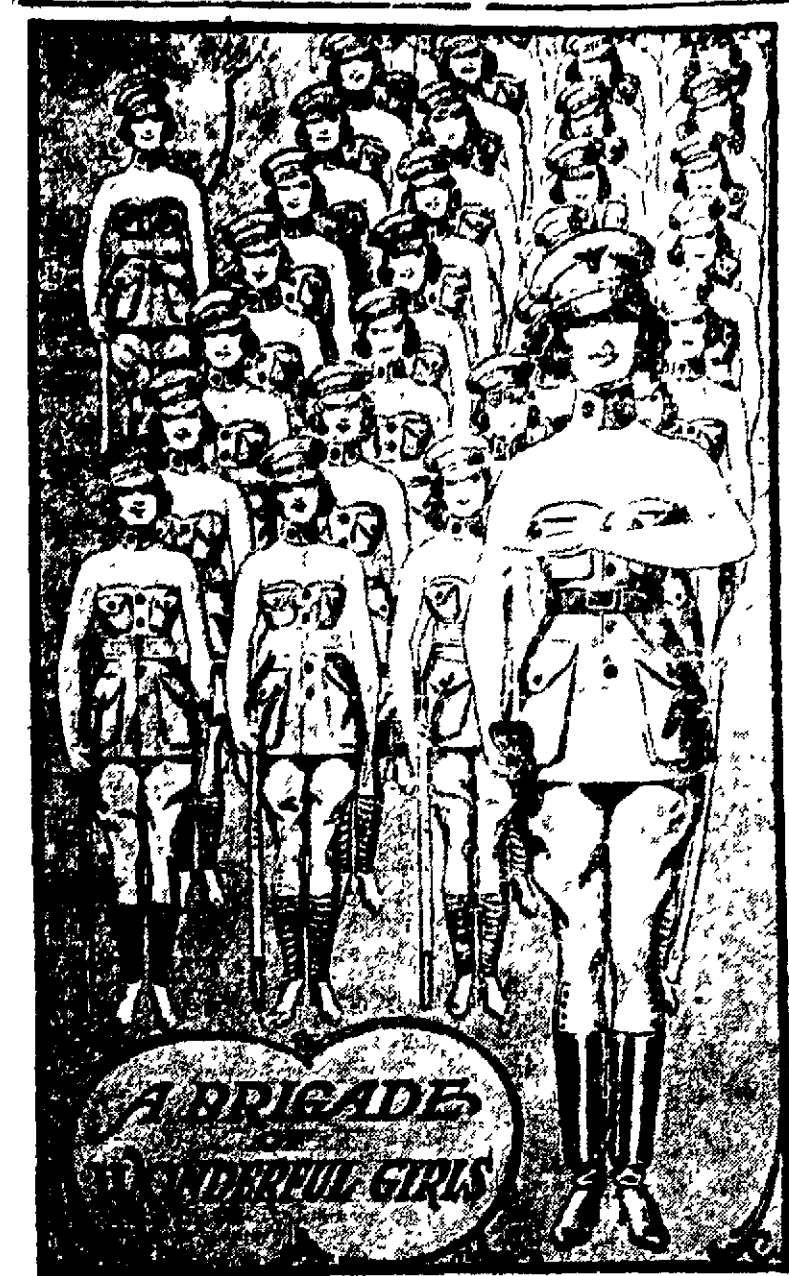

fine shirts
scarves
hosiery
hats
suits
overcoats?

MARRIAGES.

Sullivan-Steinrod
Married, at the First Baptist parsonage, West Oneonta, by the pastor, Rev. F. H. King, on Tuesday evening last, Ora Sullivan of Otego and Irma Belle Steinrod of Oneonta.

Misses Kelley Entertain Friends.
Misses Beatrice and Olive Kelley, daughters of Mr. and Mrs. Glenn Kelley of 3 Pearl street, entertained about 20 of their young friends last Friday evening from 6 to 11. Games and dancing were enjoyed by the young folks and later delicious refreshments were served. All reported a delightful evening.

Delightful Party for Miss Ditts.
A very delightful party was held Saturday evening at the home of Miss Gladys Combes in honor of Miss Isabelle Ditts of Carbondale, Pa. The evening was passed with music and dancing, after which refreshments were served. All the guests reported a delightful time.

Pianos Tuned.
John H. Dakin, piano tuner from New York, is now in town. The best families of Oneonta among my patrons. Orders sent to the Windsor hotel will receive my attention. advt 1f

Leslie Winans Fractures Wrist.

Leslie Winans, son of George L. Winans, of the Winans Grocery company, fractured his right wrist Saturday afternoon when the Ford delivery truck he was cranking backfired, the crank striking his arm a severe blow. The car had become stuck in the deep snow at the corner of Main and Elm streets, and Winans was attempting to start it again when the accident happened. The injured youth was removed to his home on Elm street and attended by Drs. Mills and Lang. An X-ray examination made yesterday morning showed that the bone was not splintered and the break could easily be reset. Young Winans is now resting comfortably but will have to carry his arm in a sling for several weeks as a result of his misfortune.

Rev. L. C. Nichols Here.

On Sunday evening, at 7:30 o'clock, the Rev. L. C. Nichols, pastor of the Universalist church of the Reconciliation, Utica, delivered a very able and interesting sermon at the Chapin Memorial church, this city. As Rev. Mr. Nichols was the former pastor of the Oneonta Universalist church and was greatly liked and admired by all who knew him his presence drew a large congregation. He was accompanied by his wife and daughter.

Tremendous Reductions Are the Orders on Winter Coats For Women and Girls

Now comes the time for a general walk out and the prices are so low for the better grades and qualities that they will walk out in jig time. So women will find it greatly to their advantage to get the benefits of this feature sale.

These styles will be equally good next Fall and Winter if you do not mind carrying them over. The savings pay for all that, but we do not have the room, and then it is our policy not to carry ready-to-wear from one season to the next.

GOOD PROFIT IS FOUND IN KELP

Besides the Commercial Potash Many Valuable By-Products Are Turned Out.

EXPERIMENTS ARE SUCCESS

Plant Established by Government in California Demonstrates Profit Can Be Made With Production on Commercial Basis.

Washington.—Kelp, apparently, is going to be a profitable source of potash, an important fertilizer ingredient that the United States formerly obtained almost wholly from Germany. During the war an experimental kelp-potash plant was established by the United States department of agriculture at Summerland, Cal. Before the second year of operation was completed it had been determined not only that the plant could be made self-sustaining on the basis of potash alone, at \$2.50 a unit, but that a number of valuable by-products could be profitably obtained. The chief of the bureau of soils, which bureau operates the enterprise, estimates that if the plant turns out \$300 worth of potassium chloride a day, it may at the same time turn out \$200 worth a day of the four principal by-products.

Many By-Products.

Among the by-products whose commercial obtainability has been established are iodine, common salt, ammonia, and bleaching carbon. This bleaching carbon, formerly imported from Europe and sold for 20 cents a pound, has been prepared and sold from the Summerland plant at 15 cents a pound and appears at present about able to pay the production cost of itself and the potash, with good reason to believe that it may ultimately be made to pay the operating cost of the entire enterprise. It has been definitely established by large-scale operations that very little of the nitrogen of kelp is lost in the various processes and that it can be commercially recovered as ammonia, thus yielding another important fertilizer element. In this process enough combustible gas is released freely to reduce if not to eliminate fuel consumption in the plant. A tar is likewise recovered, and its subproducts, kelp oils and creosote, have been shown to be of value, respectively, as flotation agents and disinfectants. Still other valuable by-products are likely to be recovered. "The field broadens tremendously as progress is made," reports the chief of the bureau of soils.

JOBLESS DRAIN GERMANY

Vast Sum of Money Already Paid Out to Unemployed—More Aided.

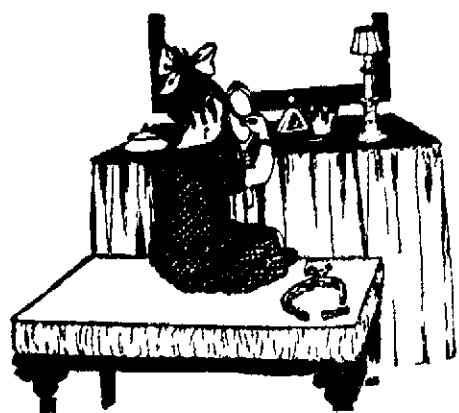

Berlin.—The German government at the end of December had spent in 1919 1,000,000,000 marks for support of the unemployed, according to the figures of the labor ministry. (The mark is worth 2.11 cents at present exchange rates.) Another 1,000,000,000 marks will have been paid out before the arrival of the time specified for this support to cease, it is estimated.

It is planned, because of the huge amount expended in this way, to try to induce the unemployed to work on emergency labor. Undersecretary of State Moellendorf has demanded a fund of 5,000,000 marks to tackle the unemployment question.

The representative from Baden has announced that idle textile workers there are leaving for the Ruhr district to become coal miners.

Bonds for Shell Paper.

Seattle, Wash.—How \$4,000 of Seattle improvement bonds, bought by a son for an income for his mother, were used by her to paper pantry shelves, was disclosed when some of the mutilated bonds were brought to the office of City Treasurer E. L. Terry to see if they had any value. According to the story told Accountant A. B. Lund, the bonds are the property of an elderly woman who has been living alone in Seattle several years. During a long illness five or six years ago she is said to have suffered a temporary lapse of memory, and when she recovered apparently had forgotten everything about the bonds and their value.

Bread Memories

"Eat the crusts of bread and you will have curly hair."

With hair so straight you looked as though you had been in swimming. It took imagination to believe that crusts would make curls. However, the promise accomplished its purpose. You ate good, wholesome food.

**EAT
NU-BREAD**

It will make your hair curl.

THE APPEAL OF THE FAR-EAST

Notice of Armenia Given During Address at Union Service at Main Street Baptist Church

At the union service which was held last evening at the Main Street Baptist church there was present a large number of Armenians. An Armenian by birth but an American in education and in spirit and loyalty, he is prominent in the Near East which is to begin in February a struggle to free the Armenian people from the oppression which has been placed upon them. The speaker was Rev. Joseph Thompson who was in the city last night. He is the pastor of the Baptist church and who has an intimate knowledge of the Armenian people and the situation of the land and the necessity for all the few remaining Armenians in the land where they live. He is a people who have been in the present condition of not enjoying the rights of citizenship and who are being wiped from the face of the earth.

Guy Fellows 433 West End avenue, New York; care of Robert Keasby company, West and Bank streets, New York; Herbert L. Taylor 92 Grove street, New York.

In his remarks Mr. Thompson who for a text took the words found in Matthew in describing the crucifixion. And sitting down they watched him there. As the theme for an appeal to the people of the United States that in this emergency when the oldest of Christian nations is daily being crucified, they should not merely sit and watch.

The address had the closest attention of all present, and closed with the assertion that there are only two ways in which we can help the Armenians—one is by means of the Near-East relief and the other by demanding from the Allies that they demand from Turkey that killing must cease. Mr. Thompson gave a five-minute talk at the First Presbyterian church in the morning and also addressed the men's parliament of the same church. He impressed upon his hearers the urgent need of the Near East and cited a few incidents showing the terrible conditions existing in that territory.

Huntington, George Merrilow, P. R. Persons, R. H. Clark, Morris A. Lunn, Harry Scripture, W. L. Cunningham, Jesse L. Howe, Stewart J. Turp and Thomas J. Burke.

Protected Home Circle Installed. At a meeting of Oneonta circle of H. C. held last Friday evening at B. of R. T. hall, there was a very large attendance and the following officers were installed: Past President—Elizabeth Ter- President—John E. Parish Vice President—Edna Carso Guardian—Mary Tallmadge Chaplain—Eda VanDusen Secretary—Amelia Linacre Accountant—Rebecca Eckers Treasurer—Joseph Birdsell Guide—Mary Parish Companion—Mame Westfall Sentinel—Margaret Tansett Watchman—David Terrell

At the close of the meeting a delicious banquet was served to a good number of members and their friends.

Justices Tutthill of Enghamton and Gladding of Norwich who were in Oneonta for the purpose of attending the Bar association banquet on Friday evening, were the guests of Justice and Mrs. A. L. Kellogg during their stay here as was also Mrs. Gladding who accompanied her husband. Justice Tutthill of Enghamton is a guest of Mrs. Kellogg and returned to their respective homes Saturday forenoon.

Offers Five-Cent Fare on River Street. Jacob Lauer, whose petition for bus franchise on River street was presented to the city council at its last meeting, states that it is his purpose to install a thoroughly up-to-date bus at an expense of approximately \$2,000 and to furnish regular and frequent daily trips at a five-cent fare.

Two thousand volumes of splendid fiction, cloth bound, at prices ranging from 75 cents down to 25 cents. Books at low price to make room for new ones for the summer. The Corner Bookstore, 100 Main street, advt 2t.

HUNTING LICENSES FOR 1920

Over Four Thousand Granted in County During Past Year

According to figures compiled in the office of the Otsego county clerk there were 4,259 hunting licenses issued in the county of Otsego during the year 1919. As these licenses cost \$1.00 each the total receipts in the county for the privilege of hunting during the open season were \$4,259.00. The number of licenses granted in the several towns is as follows:

Adrian 60, Battenburg 204, Cheir Valley 210, Decatur 17, Edinburg 10, Exeter 14, Hartwick 184, Laurens 58, Maryland 129, Middlefield 29, Milford 147, Morris 152, New Lisbon 66, Oneonta (town) 76, Oneonta (city) 901, Otsego 138, Otsego 41, Pittsfield 51, Plainfield 82, Litchfield, 260, Roseboom, 84, Springfield 105, Unadilla 228, Westford 62, Worcester 153, county clerk \$80.

It is an interesting fact that Middlefield largest town in the county issued the smallest number of licenses, the number being seven less even than in Decatur, the smallest township, and with the smallest population.

Main Street Baptist Church Supper

On Saturday evening, beginning at 5 o'clock, the Ladies' circle of the Main Street Baptist church served supper to the public until the demand ceased. About 180 people were served and over \$54 was realized. It was felt by everyone that the supper was a pronounced success.

Justice A. L. Kellogg left last evening for Elmira where today he opens the Chemung county trial term which will probably occupy at least two weeks.

Oil - Labor
Saving

Which will you take?

If it is Oil Paint, you will find that this line will satisfy the most discriminating demands you can make for a first-class job.

"Pittman Aged Varnish" will give you that fine interior or exterior finish you are looking for on that same job.

Made for every use and used everywhere.

Our stock is very complete in both lines, and don't let that high price "bug-bear" scare you, for our prices will surprise you by their reasonableness.

ASK US. THAT'S WHAT WE LIKE.

Oneonta Dept. Store, Inc.

SECOND FLOOR

It certainly pays to protect your building investment against decay. Paint costs less than repairs.

Unpainted buildings begin to depreciate at once. Boards warp, nails loosen, window sashes sag. Decay sets in. Value shrinks.

Well painted buildings are always quickly rented at advanced rates.

Patton's Sun-Proof Paint

—gives your buildings an armor against weather-wear. And it gives years of extra service because it is a scientific paint of uniform quality, made without guesswork.

Come to us for the paint you need.
